

**IN THE SPECIFICATION:**

Please insert the following paragraph at the beginning of the specification.

This application is a 371 of international application PCT/JP2004/013500, which claims priority based on Japanese patent application No. 2003-340851 filed September 30, 2003, which is incorporated herein by reference.

Please replace the paragraph beginning on page 14, line 7 (paragraph [0020]), with the following rewritten paragraph:

The symbol display ~~section 51~~ section 52 may be appropriately provided as a sheet element in the form of characters of "OPEN" or an arrow mark, for example, which is described below, or by affixing a figure or the like attracting attention on the outside of the film constituting the partition wall 2, by directly printing the figure or the like on the outer surface of the film, or by other methods. The symbol covering section 53 is preferably provided as a sheet element in the form of a figure as mentioned above produced by methods such as printing, applying, and coating, or by directly printing the symbol display section 52 on the outer

surface of the film such that the symbol covering section 53 covers the symbol display section 52.
